

Smoothing *Flavor System*

Our new smoothing flavor system contributes a smooth finish to a wide variety of beverage applications. This system smoothes harsh notes found in higher proof alcoholic beverages by decreasing up front burning notes, creating a smoother and more appealing beverage.

- Decreases harsh notes in high proof alcoholic drinks
- Masks off notes and bitterness contributed by functionals, preservatives, and high intensity sweeteners
- Contributes no color or cloud
- TTB approved
- Kosher certified
- Available in Natural Non-GMO and Certified Organic forms
